Practical and Sound Urban
Forest Management

About Us

Kuntz Forestry Consulting Inc. specializes in forestry study and the preparation of various reports required under the development regulatory process for municipalities, development companies, and engineering, architecture, planning and law firms. With the experience of a Registered Professional Forester, ISA Certified Arborists, and Terrestrial Ecologists, we offer consulting services to suit your reporting requirements.

Why Choose Us?

Kuntz Forestry Consulting Inc. has completed over 1200 projects since 2005 in the private and public sectors. We provide professional consulting advice in a variety of disciplines to suit our clients' needs. We work on projects across Southern Ontario, in a variety of environments including woodlands, rural areas, and urban areas for existing and proposed developments, large and small.
